

Rest Assured With Our Insurance

Sigma Alpha Epsilon, along with four other national fraternities, has purchased the James R. Favor & Company Insurance Agency of Denver, Colorado. Our mission is to provide the best possible property coverage for our groups at competitive rates. Favor & Company, ΣΑΕ and our Greek-letter partners serve the fraternal world exclusively. We are committed to working together to reduce our mutual risk-management challenges, control costs and improve our long-term ability to provide affordable coverage for chapters and house corporations.

Property Coverage

Sigma Alpha Epsilon encourages all house corporations and chapters to purchase its officially endorsed property program policy through Favor & Company. This policy not only assures adequate coverage at competitive rates but also supports Sigma Alpha Epsilon. The SAE Financial and Housing Corporation is working hard to support every chapter with the financing necessary to meet acceptable life-safety standards and to give our groups a means by which they check coverage and premium costs.

Liability Coverage

Sigma Alpha Epsilon and its business partners buy liability coverage at the national level for all chapters exclusively through Favor & Company. This policy requires annual chapter-house inspections because statistics show a direct connection between liability exposure and the presence of current life-safety standards, such as monitored fire alarms, sprinkler systems and the general condition of the property.
